

## ELIGIBILITY

A student enrolling in the seventh grade for the first time will be eligible for the first grading period regardless of previous academic achievement. Thereafter, in order to be eligible, a student in grade 7 or 8 must be currently enrolled and must have been enrolled in school the immediately preceding grading period and received passing grades during that grading period in 75% of those subjects in which the student received grades (OHSAA 4-4-5). The student also must meet the minimum grade point average of 1.25 as well as the above criteria. A failing grade may not preclude a student from participation.

For eligibility purposes, summer school grades may not be used as a substitute for a failing grade received the final grading period of the regular school year, or for lack of enough subjects taken during the preceding grading period.

Any student athlete participating on a sports team at the Middle School must demonstrate effort and achievement in academics. If a student athlete is failing any course, there will be a meeting to discuss the problem with the student. The second time there is a failing grade, the student will not be eligible to play in the next game. The third time the student will not be able to practice for the week or play in the game.

Dear Parents:

Your son/daughter should receive a practice schedule when their team activity begins.

Since our student athletes leave school at 2:15 p.m., we want to make certain that you, as a parent, are aware of the fact that they should either be coming home or should be conveying to you where they are spending the unscheduled amount of time either before practice or before scheduled games.

If you have any questions concerning this matter, please contact either the coach or Mrs. Kuharik, our Middle School Athletic Director.

Sincerely,

Tom Dreiling  
Principal
